

Sutton on the Forest, Well Lane “Lodge” **Development**

The developers have submitted a “revised” proposal to build 46 lodges over a six year period. The general appearance and construction of the lodges is unchanged. There are no tennis courts and no spa.

The majority of the supporting arguments are unchanged from the original application.

Landscaping will be done first on the grounds that it will reduce the visual impact of the later phases. But this will result in a construction site for 6 years with all the associated traffic and disruption.

The Parish Council will fight this application but desperately needs your help.

If you want to stop this large development which is totally out of character with the village and poses an acknowledged threat to the Moor End Nature Reserve:-

**REGISTER AN OBJECTION WITH
HAMBLETON PLANNING NOW.**

By letter or email.

Closing date is 21st June 2016.
